

Examine the evidence...

GUIDANCE FOR RADIOGRAPHERS PROVIDING FORENSIC RADIOGRAPHY SERVICES

The latest advice and guidance for radiographers involved in any aspect of forensic practice. Published by the Society and College of Radiographers, in collaboration with the Association of Forensic Radiographers, this new document is an invaluable guide to every aspect of diagnostic imaging for forensic purposes including:

- Examinations of live and deceased individuals
- Requests and protocols
- Mass fatalities
- Out of hours services
- Medico-legal
- Evidence gathering
- Subject identity
- Digital and copy analogue images
- Reporting
- Payment

"This document is a comprehensive guide to providing forensic radiography services and is a must read for forensic radiographers, their managers and employers."

John Beamer, Chair, Association of Forensic Radiographers

THE SOCIETY AND
COLLEGE OF
RADIOGRAPHERS
